

# This Computes!

**Department of Health Services  
Children's Medical Services Network  
(CMS Net) - Information Bulletin #203**

## **New Addition to the Family**

We are about to add the 56th member to the CMS Net family of CCS county programs. On March 3rd Orange County will transition to CMS Net. During February and March several Information Technology Staff will be in Orange County working with the county's super users, who will have been trained here in Sacramento, to provide system training. During this time our Information Technology State staff and contractors are fully committed to this transition. However, Help Desk support for both CMS Net users and county technical support staff will not be interrupted by the transition. There will be no CMS Net change cycles until the Orange County transition is completed.
